An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Leucitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous malaises—it should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the whooping cough, and Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood. Promptly used in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with the medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure.

BOARD OF SUPERVISORS.

The Board of Supervisors of Sonoma county, met in regular session at the Court House, Santa Rosa, on the 1st inst. Full Board present.

The minutes of the last meeting were read, after which an adjournment was had till 1 P. M., at which hour the members got down to work.

The following bills were allowed to Road Overseers: J. R. Sims, \$68.99; H. A. Russell, \$847.85; W. J. Cunningham, \$68; J. Wiley, \$165.42; G. W. Morgan, \$86; B. Clark, \$231.50; W. F. Harris, \$165.50; J. Patrick, \$148.55; G. W. Burris, \$401.25; G. H. Black, \$245; E. Gillan, \$444; G. Rains, \$542.

The report of the viewers of Anala township was received and placed on file, and Monday, April 7th, at 1 P. M., set for the hearing of the same.

In the matter of the sale of the property of Sonoma county known as the county hospital, it was ordered that the Clerk re-advertise said property for sale on the terms specified in the order of this Board of the 6th day of November, 1885, the sale to be made on the 6th day of April, 1886, 1 P. M., in front of the Court House door.

A communication was received from H. M. Herr, protesting against awarding the contract for refunding the county indebtedness to M. L. McDonald. The communication was placed on file.

The following report of Committee on Refunding was presented:

To the Honorable Board of Supervisors of Sonoma county: Your committee, appointed on refunding the bonded indebtedness of this county, do hereby report that the lowest bond bid made for the Sonoma county bonds is 4.24 per cent. Your committee recommends the same be accepted by the Board, provided a better offer has not been made. Your committee respectfully asks to be discharged from further service in the premises.

D. C. ALLEN,
 S. T. COULTER,
 J. F. NAUGHTON,
 J. D. CONNOLLY.

The report was received and filed. The Board then adjourned until Tuesday at 9 A. M.

TUESDAY, March 2d.

Board met pursuant to adjournment, all the members present.

After the reading of the minutes, which were approved, Mr. Connolly offered the following motion:

Whereas, it has become known to this Board that the bonds of Sonoma county, now outstanding, can be refunded at par, bearing interest at 4.24 per cent. per annum, it is the order of the Board that notice be given to the present holders of outstanding bonds, by publication for 30 days in the official county newspapers, that unless they shall consent to a reduction of interest on said bonds to 4.24 per cent. per annum the Board will proceed to cancel said outstanding bonds by payment of principal and interest thereon accrued.

A long and heated discussion ensued in regard to the motion, and upon being put to a vote it was defeated. Ayes—Coultter and Connolly. Noes—Allen, O'Hara and Ellis.

G. E. Grosse appeared before the Board and asked that the Sonoma County Agricultural and Viticultural Association might have the use of the Supervisors' rooms for their meetings once a month. Permission was granted until further notice.

In the matter of an application to form a new school district out of Bodega School District, Monday, April 6th, at 1 P. M., was set for hearing the same.

In the matter of change of boundary line of the Iowa and Wilson school districts, as petitioned for by citizens of those districts, it was made the order of the Board that the prayer of petitioners be heard on Tuesday, April 6th, at 1 P. M.

The bill of W. J. Cunningham, road overseer, for \$428.10, was allowed.

On motion of Supervisor Coultter, the road from Rincon Hill to the Brown's Valley road, through the lands of Vernon Downs and others was declared a public highway, and the Road Overseer of Santa Rosa Road District was directed to open the same.

The report of the Jailor was received and placed on file, as was also the report of the Superintendent of the County Farm.

In the afternoon the usual bills were taken up and allowed, the largest one being that of the Healdsburg Enterprise, for \$473.25, for printing the delinquent tax list.

The following allowances were made to outside indigents: Petaluma, \$88; Cloverdale, \$21; Geyserville, \$5; Sonoma, \$20; Bloomfield, \$10; Santa Rosa, \$120; Windsor, \$10; Sebastopol, \$20; Salt Point, \$10; Bodega, \$10; Healdsburg, \$32.

On motion of Supervisor Coultter it was ordered that no person be allowed to visit the dome of the Court House unless accompanied by an officer or employee.

On motion of Mr. Allen, the Board adjourned until Wednesday, at 9 o'clock A. M.

Boa

Wednesday, March 3d.

Boa

o'clock A. M., all the members present. Minutes of preceding day read and approved.

Motion by Allen: In the matter of the new issue of bonds it is made the order of the Board that the committee to whom said subject was referred, be instructed to have said new bonds prepared in accordance with law, so that we may be ready to deliver to the present bond-holders who may present the same and consent to as low a rate of interest as has been offered by other parties, namely, 4 1/2 per cent. per annum.

Supervisor Connolly called for the ayes and noes, the vote resulting as follows: Ayes—Allen, O'Hara, Ellis; noes—Coultter and Connolly. The motion was declared adopted.

The following bills were allowed: T. M. Harris, \$8.30; P. Davis, \$5.

Mr. Rufus Murphy appeared before the Board and stated that he desired a change in the road leading from Guerneville to Duncan's Mills. He claimed that a change could be made where it crossed his land that would shorten the road and be of advantage to the country and also an advantage to him. No action was taken at the present time.

Mr. J. A. Allen, agent for the Pennock road machine, appeared before the Board and stated that he had been disappointed in getting a machine here for their inspection. He produced a number of testimonials from road overseers and Supervisors of Napa county, all of which spoke in high terms of the Pennock road scraper and preferred it to the Boss. The following motion was then offered by Coultter, referring to inspection of road scrapers:

It appearing that the Boss scraper is here ready to exhibit its work and that the Pennock has failed to arrive but is still desirous of exhibiting its work, I move that the Board proceed at 1 o'clock P. M., to-day, to Cleveland avenue in this city to witness the performance of the Boss, and that Wednesday, April 7th, next, at 10 o'clock A. M., be set for the trial of the Pennock and any other machine that may desire to exhibit at such place as may

LOCAL BREVITIES.

The best of accommodations at the Union Hotel.

Quite a number of strangers have been sojourning in Sonoma the past week.

For Sale. Extra large Herbo-mont resistant vines; require no grafting. Twenty dollars per 1000, delivered. A. DRAHMS, agent.

The Union Hotel is doing a rushing business. Don't forget that this hotel is becoming more popular every day.

Prof. A. E. Lasher will preach at the M. E. Church to-morrow (Sunday) at 11 A. M. and 7 P. M. Sabbath school at 10 A. M. All are invited.

J. J. Wytark, whose many friends have been urging him to run for the office of City Clerk at the ensuing local election, is out in a card declining the honor.

Wm. Sobbe, the agent of the Sonoma Valley Railroad at Glen Ellen, on Monday last, had one of the fingers of his left hand mashed by a pipe of wine falling on it.

Harold, the nine-year-old son of Jerry Clark of Guilcoas Valley, a pupil at Mrs. Lubeck's school, Locust Grove, while at play, fell and broke his arm last Monday.

Henry Raschen has been elected by Bear Flag Lodge, No. 97, K. of P., as a representative to the Grand Lodge of the order, which meets in San Francisco on the 26th of next month.

This place was visited by a heavy hail storm on Tuesday between 1 and 2 o'clock P. M., which lasted about fifteen minutes. It then set in to rain, which continued at intervals the rest of the day and late in the evening.

Clergymen, lawyers, public speakers and singers, confirm the opinion of the general public in regard to Ayer's Cherry Pectoral. All say it is the best remedy that can be procured for all affections of the vocal organs, throat and lungs.

Farmers and stock-breeders who desire to improve their stock would do well to read the advertisement of H. Lind which appears in these columns this week. His horse, "Tom Exchange," is as fine a piece of horseflesh as one could wish to see, being a dapple gray, 16 1/2 hands high and weighing 1,650 pounds.

Jas. McDonnell, Jr., announces himself in another column as a candidate for City Clerk, subject to the vote of the people at the election on the 12th of next month. Mr. McDonnell is a gentleman well and favorably known in this community, and as he is a rival of his opponent will have to get right down to business to beat him.

T. S. Glaister advertised a cow for sale in these columns two weeks ago. The cow has been sold and the ad. ordered out. The party who had been trying to dispose of a milk cow the past three months without the aid of our advertising columns, still has the animal on his hands. The moral of this is advertise in your local paper.

The Agnus Caliente Springs Hotel, having been enlarged and refurbished is now one of the most elegant and attractive summer and winter resorts on the coast. Visitors will find the house supplied with every modern convenience, and no pains will be spared to make their stay pleasant and comfortable. Prices to correspond with the dull times.

To those who desire to purchase a home in the Sonoma Valley we would say scan closely the list of properties offered for sale by L. Adler, real estate agent, which appears in another column. Mr. A. offers for sale a number of the finest and most productive vineyards in the valley. To those in quest of a healthy locality, and easy of access to the city, the Sonoma Valley offers superior inland resorts, and we venture to predict that a vineyard purchased to-day cannot be had for twice the sum invested when the contemplated railroad connection is made with Tiburon or Napa.

The Basket Social given by the ladies of the Methodist church, last Thursday evening, was heartily enjoyed by those present. The evening's entertainment consisted of vocal and instrumental music and select readings, after which a number of baskets, containing lunches prepared by the donors, were sold to the highest bidder. Each and every basket brought a good price, and in consequence a neat sum was realized, which will be presented to the pastor, Mr. King, than whom none is more deserving.

The new postoffice was thrown open to the public last Wednesday, much to the gratification of our people. The new quarters are neat and convenient and are provided with 96 lock boxes and all modern conveniences. Mr. Robt. Pauli, the new incumbent, deserves great praise for the energy he has displayed in fitting up in so short a time, and we will venture to remark that he will prove the right man in the right place. He certainly has made a beginning far exceeding the most sanguine expectations of those who have felt the want for years of the conveniences which he has placed within the reach of all who use the United States mails.

DEATH ON THE ROAD.

A Carriage Overturned with its Three Occupants—One of Them Killed.

News reached Sonoma on Monday morning last of a terrible accident which happened on Sunday night on the road between Petaluma and Santa Rosa, whereby one man lost his life and two others were badly maimed. On the day in question T. M. Harris, A. W. Childers and Leonard Britton, all residents of Santa Rosa, visited Petaluma in a double carriage. Late in the evening, the night being intensely dark, they started on their return home, and when one mile beyond Penn's Grove the horses suddenly shied and the three occupants, together with horses and carriage, were precipitated to the bottom of a gully eighteen or twenty feet deep and so narrow at the bottom that men, horses and wagon became wedged in so tight that they could not extricate themselves. Unfortunately, in falling, the men fell underneath the struggling horses and wreck of the carriage being on top of them. None of the party were killed outright; but one of them, Childers, had the life crushed out of him by degrees by the weight of one of the animals which lay directly on him. He suffered great agony and called upon his companions to aid him, but they were powerless, being pinned so firmly to the earth that they could not even aid themselves. Here they lay calling loudly for help for upwards of an hour, when Childers gasped his last breath and expired. About this time one of the horses, in his struggles, lessened the weight which held Britton down, and he managed to free himself, and in a maimed condition, crawled to the nearest house, which happened to be Mr. Barnes'. His story was soon told, and that gentleman with all haste repaired to the scene of the disaster. Harris was dragged out from the wreck in an unconscious condition, but shortly after revived. Childers was next pulled out, but had ceased to breathe. Deceased was 38 years of age and leaves a wife and three children. Britton has his arm broken, Harris received internal injuries and the carriage was badly wrecked.

Special Meeting of City Trustees.

A special meeting of the City Trustees was held on Monday evening last, all the members being present. On motion of Trustee McHarvey, a quitclaim deed was granted to John Tivnen for a portion of lot No. 35, situated on Spain street, for the consideration of \$1, he to pay expenses of deed. It was moved by Trustee Weyl that the Trustees' grant no deed to any person to that part of lot 35 now in litigation between P. Monahan and John Tivnen, until the ownership is decided by the State Courts. Carried. On motion of Trustee Weyl, G. Barbarn was granted a quitclaim deed to a portion of lot No. 35, for the consideration of \$1 and cost of deed. The Board then adjourned.

A Carriage Overturned With its Four Occupants.

On Saturday evening last, shortly after dark, while J. S. Enos, accompanied by his wife, daughter and niece, were coming to town in their carriage, the night being intensely dark and stormy, the vehicle was overturned by running off a small bridge near the Catholic church. All the occupants were thrown out and falling into a ditch of water were thoroughly drenched, but aside from this suffered no injury. Mr. Enos after striking the ground held on to the lines and brought the horses to a standstill after being dragged a short distance. No damage to horses or carriage.

A Tremor.

One of the heaviest shocks of earthquake that has been experienced in Sonoma for many years, occurred at ten minutes to nine o'clock last Tuesday morning. The vibrations were from north to south and were so heavy as to cause people to rush out of doors in terror. Windows rattled and hanging lamps swayed like the pendulum of a clock.

To Horsemen.

Having just added a number of fine horse cuts and borders to our stock, we are now prepared to print horse bills in the most satisfactory manner, both as regards price and style. Send your orders to us and we will promptly attend to them.

Bucklen's Arnica Salve. The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 15 cents per box. For sale by all drug stores.

PERSONAL.

Hon. J. K. Luttrell was in town Friday afternoon of last week.

M. Muldry spent two days in the city on business this week.

The Misses Eloise Pauli and Elita Raschen visited friends in the city Tuesday last.

Horse bills printed at this office with neatness and dispatch.

GLEN ELLEN ETCINGS.

An average of 60 pipes of wine leave the depot at this place every day for San Francisco and other points.

The Dunbar school began operations last Monday with an increased number of pupils and Miss Melinda as teacher.

Yesterday at about 9.30 o'clock A. M., a very distinct shock of earthquake was felt here. The vibrations appeared to be from north-west to southeast.

Mr. John Small has erected a neat little store in the western addition and will commence business as soon as the weather settles. Success to you Uncle.

Extensive preparations are being made in this place for the accommodation and entertainment of the large number of campers and visitors that will be here this summer.

Mr. Peters is making quite a number of improvements on his premises in the way of flower gardens, blue grass plats, etc. His hotel presents an attractive appearance.

A petition is being circulated in our midst to divide the Sonoma Road District. It no doubt will be a benefit to all, as the district is too large for one roadmaster to properly work and oversee the roads therein.

Mr. Crofoot, the new proprietor of the Glen Ellen Hotel, seems to be a gentleman in every respect and we heartily welcome him to our midst. Mr. James Gibson, the former proprietor, will continue the butcher business, deal out the mails, make all arrests called upon and in fact make himself generally useful.

On the 28th of February last, the Bennett Valley Social Club gave a grand ball and party in their fine hall in that place, to which quite a number of Glen Ellen people were invited. Fully 40 couples were in attendance, and dancing was indulged in until quite a late hour. Chas. Poppe of Glen Ellen and Albert Stokke of Bennett Valley, furnished the music.

OLD TIMER.

GLEN ELLEN, March 10th.

SANTA ROSA NEWS.

[Daily Democrat.]

The Anti-Chinese League of this city has now nearly 1,000 signers. There are only twelve inmates in the County Jail at the present time.

The Chinese firm at the corner of Fifth and Mendocino streets, have closed out their entire stock and left for China.

A great many of the Chinese who have left Santa Rosa, have found work around Glen Ellen, on the ranches.

A Santa Rosa lady lost a \$500 pair of diamond earrings, one day last week, in her own house, and has as yet not been able to find them.

Buchanan Millington, while driving to town Sunday morning on his milk wagon, in company with Wm. Wallin, accidentally shot himself in the left leg, near the femoral artery, with a revolver. The wound is a flesh one and the injured man will be up and around in a couple of weeks if nothing unforeseen happens.

A Literary Curiosity.

"The Glasse of Time, in the First and Second Age. Divinely Handled by Thomas Peyton, of Lincolnes Inne, Gent. Seen and Allowed. London: Printed by Bernard Alsop for Lawrence Chapman, and are to be sold at his Shop over against Stable Inne, 1620." Now reprinted in a neat volume, long primer type, bound in fine cloth, gilt top, beveled boards. Price 50 cents.

The quaint poem, of the title of which the above is a transcript, appeared nearly half a century earlier than *Paradise Lost*, and it is intrinsically probable that it would have fallen under the eye of Milton; in any case there are striking points of resemblance between the two poems, and many have supposed Milton's immortal work to have been inspired by the former. Only two copies of the work are known to be in existence previous to the issue of the present edition, one being in the British Museum, the other in the Bodleian Library, Oxford. The copy in the British Museum was purchased at a noted sale of old books in 1819, by Baron Bolland, who notes upon a blank leaf that it cost him 21l. 17s. 6d. (about \$110). Some years ago a gentleman of Virginia, Mr. J. L. Peyton, sprung from the old English family of that name, made an accurate transcript of the copy in the British Museum, preserving even the quaint spelling, punctuation, capitalizing and italicizing of the original. This present edition is printed without alteration. Apart from its presumed connection with *Paradise Lost*, the poem has very considerable merits of its own, and is in every way a literary curiosity. John B. Alden, Publisher, New York.

BOARD OF SUPERVISORS.

[Concluded from First Page.]

FRIDAY, March 5th.

The Board reconvened Friday morning at 9 o'clock; all the members present, Mr. Ellis in the chair. The minutes of the preceding meeting were read and approved.

In the matter of Mrs. Willits, a lady who had been put on the indigent list for \$5, it was moved that, it appearing that Mrs. Willits had taken unto herself her better half again, and since such an alliance had been consummated, had not drawn her monthly allowance, and that there were warrants payable to her at the Auditor's office now, the same be canceled, and that a warrant be drawn in favor of Mrs. Wright at this session of the Board, and that Mrs. West be put on the indigent list at \$5 a month.

Mr. Allen then addressed the Board with reference to the money he had saved the county by drawing plans and specifications for the Court House grounds and other matters. He said he had the plans been drawn by an architect he would have charged the county 10 per cent, and had he made the specifications he would have charged the county 5 per cent. He thought if the Board saw fit to allow him anything for the same, he would acquiesce, no matter whether they would allow him 1, 2 or 3 per cent. He thought it was no more than right that the county should compensate him for his trouble, but if they thought he ought not to receive anything for his trouble he would readily acquiesce, all the same.

Mr. Coulter thought that the subject ought to be discussed in private, and was not one to be acted upon in open session. The following is the County Auditor's report of the Keenness collected during the month of February, which was received and placed on file:

Joseph Muller	\$10 00
Harry Smith	10 00
Edmund & Wm. ...	10 00
Henry Harris	10 00
J. W. Swart	8 00
John Sobott	15 00
John Falkner	7 50
Hansbeck & Sartre	15 00
H. A. Richardson	10 00
James Murphy & Ross	10 00
M. J. O'Brien	10 00
Total	\$146 17

In the matter of the expected suit to be brought against the county for the recovery of the bill of Marshal Davis for \$418, Mr. O'Hara said he would like to have Mr. Davis called in in order to ask him if he was still of the same mind as he was the day he made the proposition to the Board to defend the county gratis, provided the Davis bill was sued for.

Mr. Geary, on being called, and after having the question propounded to him, informed the Board that he would defend the county gratis in the case of Davis vs. Sonoma County, if the mitigating circumstances connected with the bill, and thought perhaps the bill or a portion of it ought to be allowed, and requested that the matter be laid over till the April meeting.

Mr. Bumbaugh appeared before the Board and informed it that he had also submitted three sections of the dome of the Court House, as instructed, and requested that a committee be appointed to go up and see what had been done, and also to instruct him about the rest of the work they would require done up there.

The whole Board, as a committee, repaired to the dome and inspected the work that had been done and approved the same, and gave Mr. Bumbaugh further instructions.

The Board then repaired to its rooms. Mr. Claypool appeared before the Board, and informed it that he had paid \$125 for the gray horse the Board saw at the County Farm Thursday.

Mr. Coulter moved that Mr. Claypool be instructed to put in his bill for the equine, inasmuch as the Board had agreed to buy the animal if it suited, and if not Mr. Claypool was to keep him.

Mr. Coulter then made a motion as follows: Whereas, it appeared that J. W. Bagley, ex-Clerk of the Board of Redwood district, has not made a final settlement with the Auditor for road poll-taxes collected by him (Bagley) while acting in the capacity of Road Overseer of that district, and whereas, Bagley is still indebted to Redwood road district; Resolved, that it be made the order of the Board that the District Attorney be and is hereby instructed to institute legal proceedings against Bagley and his bondsmen for the recovery of the amount due from J. W. Bagley to Redwood road district. So ordered.

Mr. Coulter offered the following motion as the best way out of the complication regarding J. H. Garrett, engineer of the Court House: Referring to the compensation of the engineer, he moved that it be made the order of the Board that the compensation be allowed the engineer for all services performed by him, be fixed at \$50 per month, from and after March 6, 1886. The motion was unanimously carried.

Mr. Coulter moved that T. T. Campbell be instructed to cut the trees down which grow on the Hall of Records grounds and cut them up into stove wood, pile the same in the wood house, and bring in his bill for \$10. So ordered.

On motion of Mr. Connolly, the Board then adjourned until 9 o'clock Saturday morning.

SATURDAY, March 6th.

The Board reconvened at 9 o'clock. All members present and Supervisor Ellis in the chair.

The minutes of the last meeting were read and approved.

On motion of Mr. Coulter, it was made the order of the Board that all the employees of the Court House and grounds, when the Board is not in session, shall be under the control and direction of T. C. Bishop, Sheriff of Sonoma County.

The following bills were allowed: G. F. Allen, \$171 71; S. T. Coulter, \$78 60; J. D. Connolly, \$31 60; J. O'Hara, \$38 70; L. G. Ellis, \$43 50; G. W. Reynolds, \$2.

On motion of Mr. Allen, F. H. Denman was instructed to establish the grades of the walks around the Court House grounds for the contractors, to enable them to make the excavations for foundations as required by specifications for which grading the Board will pay said Denman the sum of \$2 per cubic yard of all such earth so removed.

On motion of Mr. Allen, F. H. Denman was appointed as superintendent of the Court House improvement work, the compensation of such services to be \$50, payable when the same is completed.

At 2.30 o'clock Mr. Allen was excused from further attendance. Mr. Connolly then moved that the application made by R. Murphy and others for a change of road in Redwood district, and

a new bridge across Hulbert Creek, be granted, and that the Road Overseer of said district proceed at once to construct the proposed bridge, and make the change of road, providing the property owners through whose land the proposed bridge and change of road would be, give a good and sufficient deed to the county, approved by the District Attorney; then the Road Overseer of said district shall construct said bridge; \$150 to be paid from the bridge fund and the remainder of the cost to be paid from Redwood road fund. The roll was called and resulted as follows: Ayres, Coulter, Connolly, noes—O'Hara, Ellis. There being a tie vote, the chairman declared it lost.

At 3 o'clock, on motion of Mr. Connolly, the Board adjourned until Monday, April 5th, at 10.30 A. M.

A Captain's Fortunate Discovery.

Capt. Coleman, sch. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free Trial Bottles of this standard remedy at all Drug Stores.

An extract taken from the notebook of a gentleman formerly connected with the shipping trade at Gloucester runs: "I was once sitting in a mercantile office in London waiting for a note to sign his waybill or consignment note. It was during the dinner hour. I had a volume of Shakespeare open on the desk exhibiting his vignette or portrait, and a fac-simille of his autograph. The bust of Shakespeare on the wall struck me by his remarkable face and head. It bore some resemblance to the portrait before my eyes. The face and head of the boatman bore some resemblance to what I imagined Shakespeare's bust might resemble, as if it had been thrown from its pedestal, scratched and bruised, and begrimed with dirt, tar and coal dust. 'What means ee stare at m^r. gafer?' Alin' y^e never seed me singed?" I felt rather ashamed to have singled out Shakespeare's name. Can you write? I inquired. Yes, gafer, or mak' me cross." Well, then, write your name; there is a good fellow. I read my book while he wrote his name in two places, first across the top of the page, and then underneath. "Wool that do, gafer?" I looked up for the purpose of tearing off and giving him the counterfoil, and you may imagine my amazement when I saw he had written "William Shakespeare" instead of my name. I was intensified from the moment I came to the autograph before me. I again gazed at him and said: 'Are you any relation to the celebrated William Shakespeare, the poet?' I found I had mistaken Gafer to him, for he did not understand English. He asked me: 'Are thee kish or kin to any big man that name who live'd at Stratford-on-Avon?' 'No, I da live at Tewkesbury. We ha always lived som o'r thereabouts; but I ha yard gran'father, old John Shakspeare, say, how long ago, sprang down from a mother from an acting kid of a covey.' 'B'l Shakspeare, and I shook hands, and we parted. I closed the office door and walked toward the look, when one of the vagaries of human life, meeting on the stairs a most ridiculous woman of an aquatic termaque, crying: 'B'll Shakspeare, you young devil, thee leave that kid alone and come aboard, or I tell thee thy father, and he wool smack thee.' I looked; I recognized none of the features of the acting kid, but a fat, pugnacious, jack-faced little rascal, who was really simulating another juvenile player on the quay. B'll Shakspeare obeyed the maternal command, and I followed her. She was about seven or eight young Shakespeares of both sexes played on the boat's deck amid the gr'my smoke of the chimney." There is no probability of the race becoming extinct. More than fifty years ago Thomas Lucy, the eminent corn merchant and miller of Stratford-upon-Avon, married a William Shakspeare.

izers in his life, and one-half of the money was thrown away. I am not blaming the manufacturer, for good, substantial, honest farmers are making their own fertilizers, and have published the wholesale price of the ingredients used, and it would seem that there is but

A few years since I plowed up a run-out meadow, manured heavily and planted with corn. I hired a new man to cart manure, and told him to begin at the top of the meadow, and to stop, but instead of that he put one load on top of where an other had been spread. The topsoil was good yellow loam, and the corn grew very large and badly suckered. The next year I sowed the same field in oats and clovered down. Where the two loads of manure were put, the potatoes were a trouble yield, and most of them were rotten. (Very few rotten ones anywhere else in the field.) The next year it was sowed to oats and clovered down. The oats yielded. The grass grew three or four years very large, but the field soon turned over so thick that the grass grew short, and this year it was not over four inches high, but thick, while the rest of the field was a fair height, but thinner, yielding, however, double the grass that the doubled manured portion did. I am satisfied that had the extra load of manure been saved and applied when the seeding was new, the result would have been a good crop of grass, and a better manure crop of other years and keep up their good crops of grass, while farms alongside are manured heavily before seeding, and then are left to themselves until run out, and have to be recultivated. What is the reason for which is best? The farmer needs judgment as well as experiment.—*Corn Country Gentleman.*
